## GRANDIS PRIMARY SCHOOL STAGE 1 OFFICIAL OPENING BY WA EDUCATION MINISTER

The Kindergarten and Pre-primary facilities of Grandis Primary School were officially opened by the Hon Sue Ellery MLC, Minister for Education and Training on Friday 15 March. This was an exciting event which was well attended by special guests, staff, parents and students.

New Principal Stephen Bevan said the start of the school year has been very busy at Grandis Primary School. Students have settled well into their new school and are enjoying the high quality education being provided by its dedicated staff. In its few short weeks of operation the school has worked to form a School Board consisting of elected parents and staff as well as a P&C Association. These community groups will work to support the school as it establishes itself as a professional learning community in the Banksia Grove area.

Stage Two of the school is under construction at this moment and is

scheduled for completion at the end of the year. The completed school will provide a quality education for students in Kindergarten to Year 6.

Grandis Primary School opened this term for Kindergarten and Pre-Primary students, and will expand to Year 6 from 2020. The school started with 116 children enrolled, more than the 80 originally anticipated last year.

More information on the school can be obtained via its website <http://grandisps.wa.edu.au/>, its Facebook page @grandisprimaryschool or by phoning the office on 9233 6500.

I hope 2019 has started well for everyone. Incredible that the year is almost a quarter gone already.

The BGRA held its first meeting of the year on February 18 – the minutes are available on the Facebook page, or by emailing me on the address below. The minutes (as the meetings themselves do) give a good rundown on what the BGRA has been up to of late.

The remaining BGRA meeting dates for 2018 are May 13, July 29 (AGM), and

October 21. They are all Mondays and are held at the Banksia Grove Community Centre starting at 7.30pm. We hope to see you there.

Remember to contact me via email in regards to any community issues that you think the Residents' Association can assist with

## BANKSIA GROVE DEVELOPMENT NOW AN LWP COMMUNITY

LWP Property Group and PRM Property Group have merged their two organisations.

The merger means the Banksia Grove land development will join LWP's stable of signature projects including Ellenbrook, Trinity at Alkimos and The Glades at Byford.

The group now operates under the LWP Property Group name and has 20 projects in Western Australia, in addition to LWP's Huntlee New Town project in New South Wales.

LWP's Managing Director, Mr Danny Murphy continues as Managing Director of the merged group, whilst PRM's former MD, Brendan Acott is Chief Operating Officer and provides a succession plan for Mr Murphy.

In commenting on the merger, Mr Murphy said "the timing of the merger is ideal given the projected upturn in Western Australia's residential market.

Mr Robertson who has become a Director of LWP Property Group said "the long history of association provided great comfort around the important issues of culture, alignment and fit.

## BANKSIA GROVE PRIMARY SCHOOL TERM 1 FUN!

### The World's Greatest Shave at Banksia Grove

On Wednesday 13 March we gathered at the undercover area to watch some very brave people have their beautiful hair lopped off and some even chose to shave.

Congratulations to Miss Rice and her fearless team Simon, Sue, Mr Mulcahy, Nicole, Ashlee, Lillie and Charlotte. They are so proud of the support from the school community and the efforts made for the Crazy Hair Day.

We could never have guessed how successful this fundraiser would be. The Crazy Hair Day raised \$608 and online donations added to \$3725.67 making a whopping total of \$4327.67 going to the Leukaemia Foundation and Blood Cancer Research!

Thank you to the skilled hairdressers, Sam and Angela. They generously donated their time and made the assembly such a special event. Judging by the cheers and encouragement from the audience, it was an enjoyable afternoon for all.

### Eating BUGS!

Eat the BUG! Eat the BUG! The chant rang out aloud by all the students at the school's assembly. In an effort to raise funds for the school's Science program, our wonderful Science teacher, Mrs Amy Dixon was challenging students to buy and then eat dried crickets.

If a student was brave enough to do so, they received an 'I ate a bug' badge. Mrs Dixon then challenged the teachers at the assembly to do so in front of the students. As can be seen by the photo, some of our staff were brave enough to take up the challenge. A very reluctant Deputy, Mr David Drabble, needed a lot of encouragement in order to complete the challenge. Mrs Dixon is to be congratulated on planning such a novel fund-raising idea.

## BILL'S BENCH

It brings both Ngala and Banksia Grove Primary School great pleasure to acknowledge the incredible work of local community member Bill McClelland.

Bill has been the driving force behind the scenes and local champion in the coordination of the annual Spring in the Grove family event over the past 10 years. Bill has worked tirelessly with local schools, Early Learning Centres, and community services and groups, ensuring the needs and interests of local families are catered for.

Ngala received a generous donation from the Spring in the Grove Funding Committee, using this to install a handmade timber bench, and timber wall features outside the front of the Child and Parent Centre. The School and the Child and Parent Centre have fondly named the new addition "Bill's Bench".

Feel free to come along for a cuppa and a chat while sitting on Bill's Bench watching the world go by!

# Introducing Coda

## Contemporary Terrace Living

Land selling from \$130,000

House and Land Packages  
Selling from \$350,000

**Coda is a new townhouse and apartment precinct in Banksia Grove located a short walk from our vibrant town centre.**

### Contemporary living at its best.

Coda is a great place to live. It's about spending your time doing things you enjoy, not cleaning a big house and looking after a high maintenance block.

It's about slowing down, unwinding, walking, catching up with friends at home or down the street at local cafes and restaurants. Coda is a small, vibrant village that has the buzz of people enjoying a contemporary, carefree townhouse and apartment lifestyle.

It's desirable urban living, but without any hassles, and at a fraction of the price.

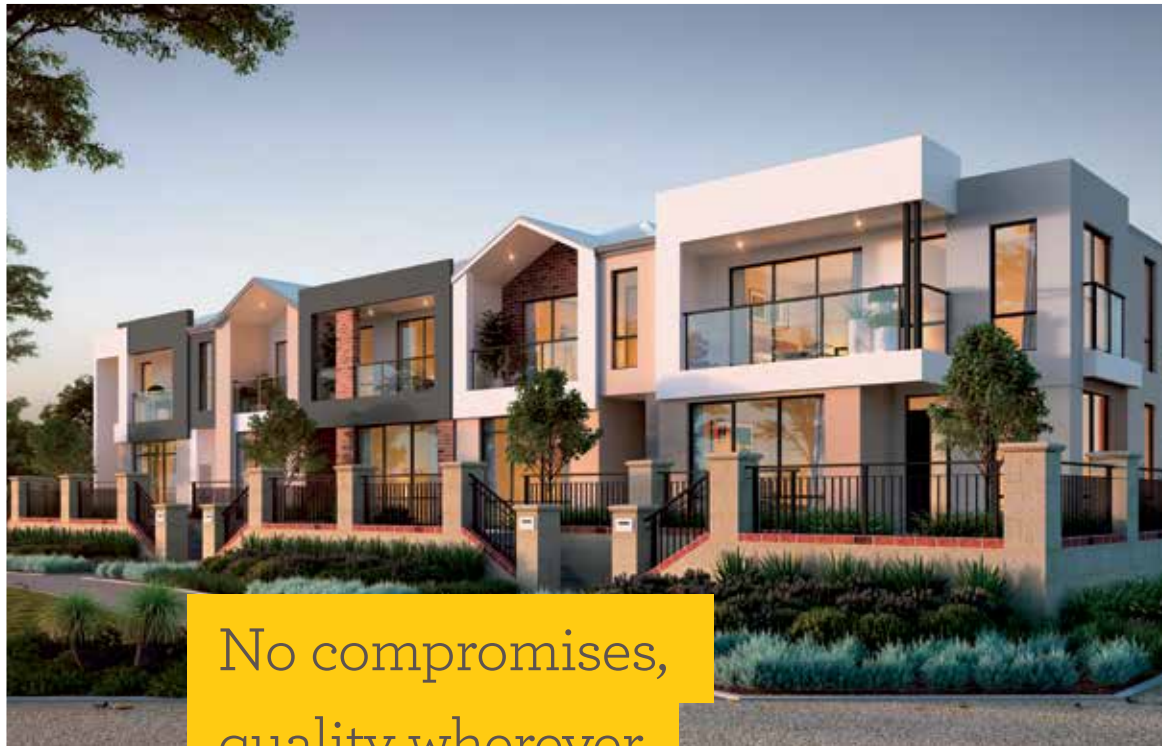

## Clever design enhancing how you live.

A wide range of house and land packages have been selected to create your perfect home, with all the hallmarks of quality contemporary design.

Choose from options including 1, 2 and 3 bedroom terraces and apartments, all of which are stylish, private sanctuaries with airy, open plan living.

And, you'll have the opportunity to finish your home to your taste, especially in the spaces that matter, like your kitchen and bathrooms.

No compromises,  
quality wherever  
you turn

## A commitment to quality and consistency.

What makes a contemporary village such a desirable place to live is the consistent approach to architectural building principles and quality of materials.

Coda's guidelines will ensure that every property both 'belongs' and adds to the appeal of the community. There will be a blend of character earthy warm red or brown brick facades with details such as balconies, porches and bay windows.

The neighbourly atmosphere will be enhanced with open and attractive streetscapes and featuring stunning landscaping.

### Easter Bunny Pikelets

These cute little pikelets are easy for toddlers and small children to assemble and decorate. Perfect for Easter breakfast!

- 1 egg
- 1 cup (150g) self-raising flour
- 1 cup (250ml) buttermilk (or milk with a squeeze of lemon)
- 1 tbsp caster sugar (optional)
- Zest of one orange
- 2 tbsp vegetable oil
- To decorate: honey-flavoured yoghurt
- Blueberries
- One orange (segmented)

To make the pikelet batter, combine all ingredients in a medium-sized bowl and whisk until smooth. Set aside for half an hour.

Heat a little of the vegetable oil in a large non-stick saucepan and cook tablespoon-sized dollops of the batter at a time.

To serve, place one pikelet in the centre of a plate, cut another in half and arrange the halves as ears (see photo). Decorate with the yoghurt, blueberries and orange segments.

You can decorate these little bunnies with pretty much any fresh fruit or even sweets. Grapes also make good 'eyes'. Swap the orange rind with a little cinnamon or other sweet spice.

The Neerabup Auskick Centre at Peridot Oval (next to Banksia Grove Primary School) provides the full AFL Auskick experience for boys and girls in the Banksia Grove area.

NAB AFL Auskick fosters a fun environment where kids have the freedom to run, jump, kick, laugh and express themselves. As parents, you can also enjoy NAB AFL Auskick knowing your child is safe, included and active.

The NAB AFL Auskick program has been designed to let kids learn through play. During weekly sessions kids build fundamental motor skills and learn what it means to play as part of a team.

# JOSEPH BANKS SECONDARY COLLEGE LAUNCHES SCISCOPE PROGRAM

February saw the launch of Joseph Banks Secondary College's exciting new 'SciScope' program. This is an extension of the school's vision of building curious learners and will see Primary School students from Years 4-6 in the role of junior scientists, with the aim to empower our next generation with the tools to explore their own curiosities and pursue a passion for science.

The program launched with exciting displays including dry ice experiments, virtual reality headsets, drones, rocket launches, living species, modern telescopes and microscopes, 3D printing technology, and more! Since then, our young scientists have been working with our core team of nine science specialists, all of whom are JBSC staff with a passion for science stemming from their own wealth of experience.

Our specialists are currently exploring some of their own real-world curiosities with our junior scientists, guiding them in how we can investigate these using resources available to us. As the program progresses, our junior scientists will begin developing their own curiosities and designing their own investigations, with the vision that as

their skills evolve they may begin to consider practical solutions to some of the real scientific issues facing our local and wider community.

We are also looking forward to our first intake of 'Science Ambassadors' from our own cohort of high school students that will be able to mentor those enrolled in the program, and share their own passion for science.
